Mr. Roem Reaksmey
Apply for: Data Analyst

About me

I am a dedicated Data Analyst with experience in developing concepts using Power BI. I am proficient in various data software, including Excel, Access, MongoDB, PostgreSQL, MySQL, and SQL Server, as well as data integration techniques. With my knowledge of databases and data visualization skills, I can load and analyze data, ensuring it is presented in a clear and understandable manner. Additionally, I have a background in frontend and backend development, as well as DevOps practices, including CI/CD pipelines and AWS services.
